

Grandparent Song

You're a part of our heart, a part of our family
You are with us each time we gather in love
And wherever we go we will always remember
You're a gift from our Father above
You're a gift from our Father above

You were here and you heard my first cries as a baby
And you gazed in my eyes and you whispered my name
Then you snuggled me close as you tenderly rocked me
And our hearts beat as one and the same
And our hearts beat as one and the same
